## Best Spa

### Mondrian in South Beach

*Miami Beach. Designed by Marcel Wanders*

A work of pure spectacle, Marcel Wanders's design of the 4,000-square-foot Agua spa at the Mondrian combines outside baroque gestures and all manner of decorative filigree with a monochromatic, white-on-white-on-chrome palette. The result is stunning—and very shimmery too, like a science-fiction movie set in oh-so-glam Miami Beach, which is exactly the idea. *Doubles from \$395.*

### From the Jury:

"The spa at the Mondrian in South Beach is a surprisingly whimsical environment, it's fun, happy, and bright." —*Holly Hotchner*
